

Spirit Quest Books May 2011 Newsletter

Along with the arrival of buds on the trees, our new stock is showing up in the store! Come on by and see the new metal work wall plaques – sun/moon, dragonflies and butterflies to adorn the outside (or inside) of your home!

For Jody Bergsma fans, we have boxes, cards, and mugs – and for those who enjoy the works of Anne Stokes and Sheila Wolk, we have a grand selection of giftware.

Silver jewellery at last year's prices is on sale until the May long weekend at 40% off, and there's still a fairly good selection of semi precious pendants and rings. New jewellery (especially silver chains and rings) is beginning to arrive – and alas with the price of silver having risen from \$13 an ounce (spring 2010) to \$49 at this time, some price increases are inevitable.

Florida Water (the yellow one) has been selling fast, so if that's something on your list, now's the time to purchase.

The new stock arriving has prompted the need for some spring cleaning! Of course new books are arriving and – in tune with the spring cleaning some of our books are deeply discounted.

If you haven't yet registered, there's still time to get in on the early bird rates for the **Margaret Ann Lembo CRYSTAL HEALER COURSE** or the **ANGEL THERAPY PRACTITIONER PROGRAM** offered on the August long weekend!

Maggy, Diane, Fiona and Radar look forward to seeing you soon!
